

# LEO ZAGAMI : BIO

Leo Lyon Zagami, writer and researcher is the son of Dr. Elio Zagami (1939- 2010), known Jungian analyst, writer and co- founder of GAPA (Independent Group of Analytical Psychology, of which he was president). His grandfather was Senator Leopoldo Zagami, a Sicilian politician who was also a known historian and author, who married into the aristocratic family of the Marquis de Gregorio. Leo's mother is Jessica Lyon Young, a member of the family of the Queen Mother of England. Her father, Henry Lyon Young was also a writer. Felicity Mason, mother, Leo's maternal grandmother, helped Leo in developing his talents since a young age. Felicity was an old time collaborator and friend of avant-garde eccentrics such as William Burroughs and Brion Gysin. She was also known under the pseudonym Anne Cumming, which made her famous in the 80's as a controversial novelist, after working for many years in the cinema business with prestigious figures such as Fellini and Zeffirelli.

Zagami, who is known for a brilliant career as Leo Young in the media and music industry as a Record Producer, became quickly popular on the web in 2006, because of his direct involvement in the New World Order and Secret Societies known to the majority of us as the "Illuminati." His blog rose quickly and gained attention from people such as David Icke, for it's accurate fully documented ground breaking inside information.

Between 2009 and 2014 he began publishing books in Europe and Japan, based on a variety of subjects that range from the history of the secret societies and the Vatican, to geo-political matters concerning the New World Order. In 2013, he collaborated with well known Italian journalists, Ferruccio Pinotti and Giacomo Galeazzi, in drafting a chapter for their Italian Best Seller "Vaticano Massone," which was released in May 2013, dedicated to the secretive world of Vatican Freemasonry. Zagami who has collaborated in the last two years with a series of articles and scoops with Infowar, has been the protagonist of a highly successful documentary made by Alex Jones in Rome, called "Demonic Possession Of The Vatican Exposed: Leo Zagami Interview, launched a couple of years ago during the 24 hour Infowars special called "Operation Money Bomb " and recently broke a recent scoop on Infowars, on the Gay Vatican Drug/Orgy, that forced the mainstream media to later cover the story.

After publishing 12 books in Italy and Japan with great success, he is now finally reaching the English speaking public, thanks to a 5 book deal made with San Francisco's CCC Publishing, who has finally made available some of his greatest works in the English language. He travels around the world giving conferences and is the Grandmaster of the Ordo Illuminatorum Universalis, a Christian Masonic Order which helps spread his work and preserve the knowledge of the ancient mystery schools, now based in Subiaco, near Rome, Italy, in the birth place of the monastic tradition.

In Italy, he is also publicly known for being one of the founders of Italians4Trump and Trumpiani d'Italia, the first Trumpian organizations in Italy created to support the election and later the work of president elect Donald J. Trump.
