TONY TOPPING

Tony Topping presents The World of UFOs & Paranormal Espionage Workshop (Expanded Content Due To Popular Demand). In an exclusive presentation for UFO Academy Tony takes the audience through the techniques of Remote Viewing as explored by Stanford Research Institute. Tony's research has been endorsed by Remote Viewer 01 Joseph McMoneagle a true PSI spy. Rare information not commonly known about the Russian KGB explorations into Remote Viewing & ET Contact will be looked at.

You will learn the techniques & gain an understanding of the information management process of psychic spying. Many claim to be remote viewers yet Tony will teach you what the subject is really all about. Working targets like the real Remote Viewers and exploring the concept of signal from noise as used by SRI in America.

You will then be given the chance to actually try remote viewing for yourself, perhaps! It's sure to be a highly entertaining day.

Tony will explore deeply how the world of UFOs & Paranormal Espionage and how it links very closely into the UFO experience. Unique insights and hard to find information will be discussed cutting through the confusion so often written about on the secretive world of UFOs and ET contact.

Tony is a broadcaster, lecturer & author, who has been harassed by covert agencies. He has appeared for various major broadcasters.
