## ARFON JONES

In May 2016, Arfon came face-to-face with something no human being is prepared to see - a being not of this world. The encounter shattered his understanding of reality and set him on a path he never expected to walk.

But his story reaches far beyond that single moment.

For years, Arfon has experienced powerful, unexplained events that challenge the boundaries of what we call "normal." Only later did he discover how closely his encounter echoes some of the most extraordinary UFO cases reported across Wales and the wider UK.

In this rare, deeply personal talk, Arfon shares what he witnessed, how it changed him, and the hidden patterns connecting his experience to a much larger phenomenon.

If you've ever felt that reality is stranger and more mysterious than we're taught, this is a talk you won't want to miss!

## DAVID GRIFFIN

David established the first national website under the Exopolitics theme and soon expanding Euro network from 2005. In the next decade he assisted in the promotion of this topic and the wider UFO/contact discussion. This included trips to London to personally pester sitting MPs to encourage McKinnon's case for non-extradition.

Along with writing for and editing the [www.Exopoliticsjournal.com](http://www.Exopoliticsjournal.com) he presented on areas such as "Alien Language", the role of authentic contact experiences and discussion of what "above government" layers know of this phenomenon. Around 2011 he began what was to become a long term effort to explore additional events brought to light by a Kiwi contactee. This subject involved the UK Falklands conflict and a strange, advanced technology (named the "black goo during an early Bases UK interview) taken back to the English company Marconi. This involved visits to London's FOIA library at Kew Gardens and contributes to a book due for release soon by Nexus Magazine.

For many years, I've gone back and forth on whether or not to share the paranormal experiences I've had throughout my life.

My family has always been a top priority, and that's one of the main reasons I've kept these events to myself - until now.

These encounters began in my childhood and have continued right up to the present day. Now, at 55 years old, I feel it's finally time to speak openly about them.

## MICHELLE YOUNG

Michelle was born into the world of business. A visionary and entrepreneur with an eye for detail and a flair for anticipating trends before they occur. A very shrewd businesswoman in her own right, Michelle ran a successful fashion business and on meeting her late husband Scot, in 1988, went on to run other successful ventures.

In 2007, Michelle's marriage to Scot started to show signs that things were not right. This culminated in divorce proceedings, with Michelle winning each and every application she made on the merits of the arguments she put before the High Court, in London.

In 2010, Scot engineered his own bankruptcy. Enter David Ingram of Grant Thornton who was allegedly appointed by Her Majesty's Revenue and Customs (HMRC) as Scot's Trustee in Bankruptcy. In 2013, Michelle won a significant judgment in her favour, at the High Court, in London, requiring Scot to pay £26.6 million plus 50% of the matrimonial estate, estimated to be worth somewhere in the region £4 billion.

On 8 December 2014, within a year of the divorce settlement being handed down by the High Court, in London, Scot was found dead in circumstances which, although claimed to be an accident, at the time, were more in keeping with a finding of unlawful killing than suicide. In July 2015, David Ingram of Grant Thornton unlawfully bankrupted Michelle, appointing Paul Allen of FRP Advisory as her purported Trustee in Bankruptcy.

During their marriage, Michelle and Scot were very successful in the hi-tech industries and had a portfolio of high net worth properties. Michelle started her now extensive investigations into the machinations and fraud in the Family and Insolvency Courts, starting in 2007, Michelle has since then been culminating in the setting-up of The Great Insolvency Scam campaign and website.

Philip has explored the direct link between our thoughts and interactions with alternate forces operating outside our current dimension of awareness. He believes that our passage here on Earth is merely one of experience, and that death secures a full awakening of the restricted, conscious ability we have while existing in human form. However, many people across the world are 'awakening,' and something the 'System' we serve does not want to happen – hence why they have been utilising a program to douse the truth that we are so much more than mere biological automatons.

Dr. Richard Alan Miller has a long and extensive resume in the fields of Physics, Metaphysics and Agriculture. Here are just some of the highlights from his very rich and varied resume – from solid state physics to states of consciousness and much in between...

Prodigious from an early age, two of Richard Miller's high school science projects were adopted by NASA, including one used in the Mariner 4 mission to determine the amount of water on the planet Mars. At age 16 he built a linear accelerator and hydrogen bubble chamber for a science fair project and was the first American to demonstrate particles going faster than the speed of light.

He's been involved in research and projects – many at top secret level – that have formed the basis of several modern-day scientific inventions. Miller's research in the field of paranormal began as a graduate physicist working 11 years with Navy Intel (Anesthesiology). His work includes foundational papers on A Holographic Concept of Reality and Embryonic Holography and work with microwaves and synthetic telepathy. He was used as Timothy Leary's experimental guinea pig to see what the effects of LSD were when taken by a Mensa level genius.

Miles Johnston is the Director of the Bases Project, in its 26th year. This is a raw data researcher's resource using video media, focused on the transhumanisation and UFO related issues. Miles is a former BUFORA Regional co-ord for Ireland, and is a 30 year Broadcast Television and Pirate Radio Engineering veteran with BBC and SKY television, KISS FM 103.7 and Energy1066 Irish boarder blaster Super-Pirates.

The pirate stations are evidence of a 'matrix break out' which occurred in Ireland, as "Ireland Awoke" in the 1960s, and resulted in seed change in media in the British Isles, resulting in the creation of major new media systems, to provide access to the new paradigm of information completely suppressed by so called "mainstream media". At Kiss FM and Energy 1096 major ET/Dimensional issues were discovered and encountered, which leads directly to the ancient world. Miles will outline what "BASES" started from, and some of the issues involved. Notably the "Super Soldier" Psy warriors. From John Urwin to James Casbolt, and the now exploding issue of Targeted Individuals, and the role out of involuntary brain and body implants.

The first to interview in 1994 was with whistle blower Barry King and Lisa Williams, which uncovered a population management programme, Puppet Master and Mannequin, where the British were making fake aliens, or Programmed Generated Life Forms, and the NHCUs, in the sleepy English countryside. Some for use, on quote:- "The Lunar Bases" . Barry's father found a lab in Germany, where the Nazi had been working with "strange looking humans" and a 'strange aircraft, and this is where the extraterrestrial black goo was involved. His father became seriously ill after what he found in the lab. The Russians, Germans and the Americans were involved, and its now becoming clear were co-operating in this trans-humanization agenda during the war, in England.

# ANDY LLOYD

Topic: "The Hunt for Planet X"

New scientific discoveries seem set to confirm long-standing predictions about Planet X, many of which are deeply contentious. In this presentation, Andy Lloyd will discuss the remarkable repercussions of an imminent planetary discovery.

Andy Lloyd is the author of the 2005 non-fiction book 'Dark Star: The Planet X Evidence'. The book built upon his Dark Star Theory website, first founded in 1999, which has seen over 1 million visitors. This work consolidates the ideas of Zecharia Sitchin with modern science, showing how his concept of Nibiru - or a habitable Planet X - could be consistent with many new discoveries about the outer solar system, and our understanding of failed dwarf stars. This knowledge has been strengthened significantly in 2016 by the proposal of a 'Planet Nine' body in the solar system, which is now being urgently sought by many teams of professional astronomers across the globe. Many of the predictions and solutions presented in 'Dark Star' over ten years ago are being mirrored by this new scientific enquiry.

Andy Lloyd has a scientific background, attaining a 1st Class Honours degree in Chemistry, as well as winning a scholarship to study for a PhD at the University of California (which remains incomplete). He has written two novels in addition to 'Dark Star', and is a semi-professional artist whose work is popular in his native county of Gloucestershire, in South-West England. Andy is also a qualified nurse, and has worked in acute medicine for much of his 25+ years career in hospital nursing in the British NHS, with additional input into Professional Education.

Andy has appeared on TV programmes, as well as numerous radio shows and internet podcasts. He has continued to promote and explore the ideas of Zecharia Sitchin through his many websites and blog pieces over the last 17 years, often being a critical friend to the original ideas of this revolutionary thinker.

He also helped uncover the two largest bungs in British political history (over £100 million in total), both related to the European Union.

Hated by the Cabinet Office, he was set up in a bogus political prosecution after he uncovered a plot by the DVD to attack the Opening Ceremony of the 2012 London Olympic Games and sent to prison for 12 months in February 2015. He is now fighting to clear his name, a process which will no doubt be helped by the passing to MI5 of the recordings of the telephone calls in question. Before the police were called in the Ministry of Defence had deleted their recordings and destroyed a note of Michael's briefing to them. Ironically there were two warheads, not one, both of which have been recovered by the Americans.

Michael is well-published in the field. Articles of his have appeared in specialist intelligence journals and his 700-page intelligence text *Spyhunter* was published by June Press in 2014. He was an intelligence academic with the American Military University from 2007 until 2010, when he started to write *Spyhunter*. ## CAZ CLARKE

The Pentyrch Incident is probably the biggest ufo case in the UK of a military shootdown and retrieval of a ufo and the covert cover-up that followed. Huge explosions, broken trees, strange men in white forensic suits, shaking buildings and 3.8 billion pounds worth of equipment in the air, and that's just the tip of the iceberg. This was a real situation, using real munitions over a residential area and next to a hospital in what the military call silent hours.

The official story is, this was "just" a military exercise.

This presentation is an update of new information, with new primary witness testimonies and a first hand account from another primary witness who will be speaking publicly for the first time. You will also hear evidence of the conspiracy to cover up this incident by the mainstream media, South Wales Police, the Ministry of Defence, the Royal Air Force and the Royal Mint. I do not use these words lightly and have spent the last seven years exposing the lies and the cover-up in order to bring you the truth and today I will prove it.

She is also an international speaker, radio host and Pranic, Quantum & Shamanic Energy healer. ial Theorist. She is currently writing her first book on DNA Origins and the Hybridization and Ascension Program.

On October 15, 2013 Geraldine experienced a vivid abduction from her home, where she recounts being taken on board a ship and meeting tall grays that introduced her to her eight hybrid children. The next morning she experienced hypersensitivity to the human electromagnetic field and an ability to see the multidimensional body.

This discovery has initiated a journey to find the truth of what occurred that night. Her first hypnotherapy session, in June 2017, resulted in the discovery of repeated abductions originating in her childhood. She recounts her abductions through her regressions and remote viewing, in which she brings forth information regarding the universe and ancient DNA alteration here on planet earth that operates to control the population through covert government manipulation. But her journey does not end there. Geraldine has undergone 6 additional regressions with Alba Weinman, Barbara Lamb, and Miesha Johnston. Nov-17, Dec-17, Feb-18, March-18 April-18, May-18 and Sept-18 in which she goes deep into each abduction and the history of the universe, in order to understand the reason behind the hybridization program here on and off the earth and how the program is operated among humans. Geraldine goes in depth on the understanding of Ascension with the utility of human technology, tracing back DNA lineage information for the ongoing harvest of life force within the Matrix Universe. Geraldine has been involved in 3 different hybridization programs resulting in 24 hybrid children. This discovery has uncovered a lifetime of documented experiences. Experiences that prompted her to create HybridMother.com a support group for hybrid parents and Children that are experiencing current hybridization and abduction experiences around the world.

Her most recent experiences involve military laboratory abductions in the US, in which she documents and researches through regressions. Geraldine's current work revolves around the operation of the Multidimensional body and how DNA consists of information that traces back to the origin of life seeded here on planet earth and beyond. She discusses the architecture of the Universe and the important role of the human soul.

She has interpreted for numerous seminars and conferences which gave her the opportunity to meet some well-known people in the spiritual and holistic field. Ultimately it taught her to just be open hearted and follow the flow. She considers herself a 'Light Worker' Her work and personal quest on the spiritual path has taken her around the world to 5 continents and over 10 times to India and have contact with who she calls 'her light brothers'. Through her holistic work, workshops and seminars she aims to help people to open up to the universal energy of light with open hearts, bringing the spiritual aspect and the UFO experiences together. It is not the proof or the phenomena that is important, but our awareness and consciousness. Humanity and earth are on the verge of huge changes and shift in consciousness, collectively we must prepare ourselves for this change.
